Mrs. Marissa Tuckinsky י"י, happily married and mother of a lovely family is a very active member of our community, who is famed for her ³⁰⁺ organization and being there when needed.

She has recently taken a course in guiding young men and women in their search for their future soul-mate in marriage. I cannot take responsibility for her advice, but I do feel that she has worked out an intelligent system in helping people on their road to matrimony (even though we firmly believe that Hashem guides us.)

May Hashem be forever with her and guide her in all her endeavours to help other people.

With deep respect,

Avraham Stern
